## TELLS HOW TO ATTAIN OBJECT

(Continued From First Page.)

improvements, the woman are for more capable of caring for the less utilitarian aspects of the work. It is just this way, said one of the officers of the Women's Congress in making explanation, "we women recognize that when the question of utility arises, the men are probably much better able to cope with it, but when it comes to the problem of beautifying the rougher work, then we are much more suited to undertake the task. You remember what the poet says: 'A primrose by a river's brim, A yellow primrose was to him, And twice nothing more.' 'Men are too busy with the utilitarian to look out much for the artistic. That is the end we hope to take care of.'"

Trouble Brews. The meeting of the executive board of the Woman's Congress to-day was not altogether harmonious. While the congress has been partially supported through a donation made by the men, this donation, it was announced at today's meeting, was to be withdrawn. Such a withdrawal meant that more of the pin money of the congress will have to be turned over to the "cause," if it is to be maintained.

Another point on which the women became highly agitated was a proposition that in view of the withdrawal of support, the congress merge its identity in that of the National Rivers and Harbors Congress and accept a committee.

"Never will we surrender!" exclaimed a half dozen women delegates, speaking all at once. As a result, the civil moment was passed, and the Woman's Congress survives to plant shrubs and trees and lay out flower beds by the sides of streams, in which men are grubbing for snags and logs and other impediments to navigation. In addition, the Woman's Congress is preparing to carry on a campaign of education in the public schools, and considerable work has been done this civic body. Delegates to the congress are men and women from thirty-two states. Mrs. Hoyle Tomkins, of Shreveport, La., is president, while Mrs. Charles W. Rogers, wife of the former Vice President of the United States, is one of the vice presidents.

## KENTUCKY DELEGATION

Putting In Some Hard Licks For Ohio River Improvements. Washington, Dec. 8.—(Special.)—There is no more representative delegation attending the National Rivers and Harbors Congress than that from Kentucky. Its members are men who stand high in the commercial world and upon all who have come in contact with them they have made a fine impression. The delegates are working hard for Ohio River improvements. While they have been putting in a good word with the members of the House Rivers and Harbors Committee and the Senate Commerce Committee and the effect of their visit will be shown when the rivers and harbors bill is reported. ## DENIES REPORT

THAT NEGRO IN WESTERN ASYLUM WAS MISTREATED.

Superintendent Gardner Declares Charles Irwin Died a Natural Death.

Hopkinsville, Ky., Dec. 8.—Dr. Thomas W. Gardner, superintendent of the Western Kentucky Asylum for the Insane, says there is no truth in the report sent out from Elkhart that Charles Irwin, a negro patient from Todd county, died from the effects of injuries received at the institution. He states that Irwin, coupled with exhaustion incident to acute mania, caused the death of Irwin and that the several marks of injury on the patient's body were self-inflicted or caused by fights with other patients. Irwin had been at the asylum since the month of June, and was extremely violent. All possible attention was given him, the superintendent states, to prevent his being hurt.

Under the present system of treatment hand cuffs are not used in the institution and despite the vigilance of the attendants, several times during the night he managed to get out of his ward and at other times had savagely attacked inmates who had struck him in defense of themselves. His blood was in very bad condition and infection resulted from any scratch he received. Shortly after his arrival at the asylum he injured himself in breaking through the window of his room. He escaped and was captured later by the guards. He had been in falling health for some time, and his death was due to natural causes. He was about 40 years of age. Gardner says his family had at no time been refused permission to see him. He received visits from his wife, Mrs. Mary Irwin, of Elkhart, making inquiry concerning the negro's death, and has replied to him by stating the foregoing facts.

## JUDGE CAMMACK'S ACTION BRINGS DISCUSSION.

Point Raised As To Validity of His Promise In Case of Williams-town Negro.

Frankfort, Ky., Dec. 8.—(Special.)—The point was raised here to-day as to whether it lies within the province of the Governor or the Attorney General to question the legality of the trial in which the negro was convicted and sentenced to the penitentiary.

Yesterday for the assault upon a white woman, because of the fact that Circuit Judge Cammack, who presided at the trial, had assured the mob which was ready to lynch him, that he would be hanged according to law within thirty days.

## COMMITTEE OF 500 Will Call To-day Upon President Taft and Vice President Sherman.

Washington, Dec. 8.—An army of 500 enthusiasts, who seek Government aid in constructing a ship canal from the great lakes to the gulf, have arranged to lay siege to-morrow to President Taft, Vice President Sherman, Speaker Cannon, the chairman of the two committees of Congress having to do with appropriations for such construction.

The committee met late to-day to arrange for the call. Five of the men chosen to discuss the merits of the scheme in which they are interested are Gov. Denney of Illinois; Gov. Hadley of Missouri; Gov. Sanders of Louisiana; David R. Francis, former Governor of Missouri; and Lyman E. Cooley, of Illinois, engineer of the Chicago drainage canal, which is to be a part of the general plan. One other representative from Tennessee will be selected, but this will not be accomplished until the delegation from that State meets to-morrow.

The committee wants the Government to expend ten million dollars annually for the canal for ten years in putting through the work.

A meeting will be held to-morrow to determine which of the six members will present the plan to the various individual offices.

## CITY LOSES IN TELEPHONE CASE

Can't Regulate Rates Or Repeal Charter.

Cumberland Company Operating Under State Charter.

Judge Evans Hands Down Decision in Federal Court.

AN APPEAL TO BE TAKEN.

The General Council of the city of Louisville has not the power to regulate the rates of the telephone franchise of the Cumberland Telephone Company, according to an opinion delivered by Judge Walter Evans, of the Federal Court, yesterday morning. The decision affects the case of the telephone company against the city which began years ago, and also immediately following the passage of two ordinances, one repealing the company's charter and the other reducing the rates in effect for the various services.

In brief, Judge Evans, in his opinion, declares that only the State Legislature has the power to regulate the rates of the telephone company and to deprive it of the charter under which it is operating. The contract made by the city with the Cumberland Telephone Company, according to an opinion delivered by Judge Evans, of the Federal Court, yesterday morning. The decision affects the case of the telephone company against the city which began years ago, and also immediately following the passage of two ordinances, one repealing the company's charter and the other reducing the rates in effect for the various services.

Further, the opinion declares that to enforce the ordinance repealing the Cumberland Telephone Company's charter would mean to work an irreparable injury upon the company. In order to prevent this the injunction was granted, and the Cumberland Telephone Company is deemed equitable.

Clayton B. Blakey, attorney for the city, says that he was granted an injunction to prevent the Cumberland Telephone Company from operating under its charter. He says that the Cumberland Telephone Company is a corporation created by the State of Kentucky, and that the Cumberland Telephone Company is a corporation created by the State of Kentucky, and that the Cumberland Telephone Company is a corporation created by the State of Kentucky.

The full text of Judge Evans' decision follows:

The court some time since expended much time and labor in considering the demurrer to the bill of the Cumberland Telephone Company, and reached the conclusion that under the provisions of the bill of the Cumberland Telephone Company, the Cumberland Telephone Company is a corporation created by the State of Kentucky, and that the Cumberland Telephone Company is a corporation created by the State of Kentucky.

## TYPHOID EPIDEMIC AT SULLINS' COLLEGE.

School For Girls At Bristol, Tenn., Suspend Until After the Holidays.

Bristol, Tenn., Dec. 8.—(Special.)—Sullins' College, the big Methodist female college of this city, was to-night suspended on account of a typhoid fever epidemic. Four cases are reported and while none of the patients are in critical condition, it is thought advisable to suspend the school until after the holidays as a matter of precaution against a general epidemic.

The girls are principally from Alabama, Mississippi, Louisiana, Arkansas, Texas, Tennessee and other Southern States, and will be leaving for their homes to-morrow morning.

While the immediate situation is not alarming, President Martin, who arrived to-day from Montgomery, Ala., where he is establishing a \$500,000 school for girls, promptly decided to suspend the school to avert a general epidemic and prevent a threatened outbreak of the epidemic. The girls are all from the Southern States, and will be leaving for their homes to-morrow morning.

## SANATORIUM

For Treatment of Tuberculosis Patients.

APPROPRIATION TO BE ASKED OF NEXT LEGISLATURE.

NEW MAYOR OF FRANKFORT TO PUT ON "LID."

SALOON LICENSE REVOKED.

Lexington, Ky., Dec. 8.—(Special.)—C. L. Adler, Bernard Flexner and Miss Harriet Anderson, of Louisville, were in this city to-day to confer with the Lexington Association for the Prevention of Tuberculosis, concerning the details of a bill to be presented to the Legislature with the object of establishing a State sanatorium. The bill will probably differ very little from the bill presented by the Lexington Association at the last two sessions of the Legislature, passed by the last Legislature and vetoed by Gov. Willson.

Sale of Red Cross Stamps.

Mr. Adler is chairman of the legislative committee, and Miss Anderson is acting as chairman for the sale of Red Cross stamps for the State Association.

The State Association has made arrangements for the sale of stamps in the following cities and towns: Bertha, Bowling Green, Brandenburg, Burnside, Cynthiana, Ellettsville, Frankfort, Frankfort, Glasgow, Greensburg, Harrodsburg, Hopkinsville, Hickman, Lagrange, Lawrenceburg, Lebanon, Lexington, Louisville, Madisonville, Monticello, Mt. Sterling, Paducah, Shelbyville and Springfield.

A number of cities, including Lexington and Henderson, are conducting some sales for their own local work against tuberculosis. It is thought, however, of these cities in which the work is started by the State Association will go to a fund for State work, the position of County Judges to take the first energies to pushing a State sanatorium measure through the Legislature. It will of course be a large membership over the State, just as soon as the funds justify it, a trained secretary will be employed for field work, whose duties shall be the spread of education on the subject, throughout the State, to stimulate the formation of local associations, and the starting of local sanatoria in as many parts of the State as possible.

To Put "Lid" On In Frankfort.

James H. Polsgrove, who became Mayor of Frankfort a short time ago, was in this city to-day to confer with Mayor John Skain with regard to the most effective methods of closing the saloons on Sunday. When he resigned the position of County Judge to take the office of Mayor, Judge Polsgrove announced that he would see that the saloons of Frankfort were tightly closed on Sunday.

In Frankfort the Mayor has no power to revoke the license of saloonkeepers found guilty of violating the Sunday-closing law, while in this city an ordinance gives the Mayor that power. Judge Polsgrove said he would see that the position of County Judge to take the office of Mayor, Judge Polsgrove announced that he would see that the saloons of Frankfort were tightly closed on Sunday.

Receivership Suit Continued.

A number of questions concerning the Southern Railway Live Wire Company, and its successor, the American Reserve Bond Company, which are in the hands of a receiver, were brought before Judge W. S. Viley of the Lexington Circuit Court yesterday evening. But by agreement of attorneys the hearing was set for Monday and Saturday of next week. Judge Homer W. Batson and B. F. Washer, of Louisville, representing the receiver, and James Rosenthal, of Chicago, and Frank Lucas, of Paducah, representing the interests of various creditors.

BURN BARN.

Night Riders Destroy Tobacco of Ed Judy.

IS AN INDEPENDENT GROWER OF HARRISON COUNTY.

CUT TELEPHONE WIRES AND SHOOT AT BROTHER.

HAPPENINGS IN KENTUCKY.

Cynthiana, Ky., Dec. 8.—(Special).—Night-riders last night burned the tobacco barn of Ed Judy with 5,000 pounds of tobacco unpoiled at Beaver Baptist church, and Judy's brother, who came to see what the cause of the fire was.

All the telephone lines in that community were cut by the riders, and all communication with this section of the county was cut off. Judy was an anti-association man and had sold his tobacco to a local buyer to be delivered later.
